

ACADEMIC LEARNING COMPACTS

COLLEGE OF SCIENCES PHYSICS - B.S./B.A.

Discipline Specific Knowledge, Skills, Behavior and Values

1. Physics BS/BA program graduates will demonstrate mastery of classical mechanics upon completion of the course.
2. Physics BS/BA program graduates will know how to perform original research and present results of their research.

Critical Thinking

1. Physics BS/BA program graduates will demonstrate mastery of classical mechanics upon completion of the course.
2. Physics BS/BA program graduates will know how to perform original research and present results of their research.
3. Students in the Physics BA program will have paths towards careers.

Communication

1. Physics BS/BA program graduates will know how to perform original research and present results of their research.
2. Students in the Physics BA program will have paths towards careers.

Assessment of Physics - B.S./B.A. Outcomes

These outcomes will be assessed using a variety of assessment methods, including:

- Projects
- Experiments and reports
- Research papers
- Oral and written presentations
- Exams/tests
- Journals
