Sport and Exercise Science - B.S.

Discipline Specific Knowledge, Skills, Behavior and Values

1. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in oral communication of the kind expected in professional industry presentation.
2. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in written communication of the kind expected in professional industry proposals.
3. Graduates of the BS program in Sport and Exercise Science will demonstrate comprehension of the basic knowledge learned during their department program course requirements. This "comprehensive exam" will be taken during the capstone course.
4. Graduates of the BS program in Sport and Exercise Science will demonstrate professional advancement by joining a professional organization within their chosen career path.
5. Graduates of the BS program in Sport and Exercise Science will be adequately prepared to meet the requirements of professional industry certification exams specific to their career track.
6. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in the use of technology typically in use in industry settings.
7. Graduates of the BS program in Sport and Exercise Science will demonstrate a desire to pursue learning beyond the traditional classroom approach for continuing education.
8. Graduates of the BS program in Sport and Exercise Science will enhance their ability to perform critical thinking.

Critical Thinking

1. Graduates of the BS program in Sport and Exercise Science will demonstrate comprehension of the basic knowledge learned during their department program course requirements. This "comprehensive exam" will be taken during the capstone course.
2. Graduates of the BS program in Sport and Exercise Science will

demonstrate professional advancement by joining a professional organization within their chosen career path.

3. Graduates of the BS program in Sport and Exercise Science will be adequately prepared to meet the requirements of professional industry certification exams specific to their career track.
4. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in the use of technology typically in use in industry settings.
5. Graduates of the BS program in Sport and Exercise Science will demonstrate a desire to pursue learning beyond the traditional classroom approach for continuing education.
6. Graduates of the BS program in Sport and Exercise Science will enhance their ability to perform critical thinking.

Communication

1. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in oral communication of the kind expected in professional industry presentation.
2. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in written communication of the kind expected in professional industry proposals.
3. Graduates of the BS program in Sport and Exercise Science will demonstrate comprehension of the basic knowledge learned during their department program course requirements. This "comprehensive exam" will be taken during the capstone course.
4. Graduates of the BS program in Sport and Exercise Science will demonstrate professional advancement by joining a professional organization within their chosen career path.
5. Graduates of the BS program in Sport and Exercise Science will be adequately prepared to meet the requirements of professional industry certification exams specific to their career track.
6. Graduates of the BS program in Sport and Exercise Science will demonstrate proficiency in the use of technology typically in use in industry settings.
7. Graduates of the BS program in Sport and Exercise Science will enhance their ability to perform critical thinking.

Assessment of Sport and Exercise Science - B.S. Outcomes

These outcomes will be assessed using a variety of assessment methods, including:

- Tests

- **Projects**
- **Evaluation rubrics**
- **Portfolios**
- **Peer evaluations**
- **Site evaluations**
- **Practica**
