STUDENT LEARNING OUTCOMES

COLLEGE OF HEALTH PROFESSIONS AND SCIENCES
SOCIAL WORK - B.S.W.

Discipline Specific Knowledge, Skills, Behavior and Values

1. Graduates will demonstrate knowledge, understanding, and application of the value base of the profession and its ethical standards and principles as outlined in the National Association of Social Workers (NASW) Code of Ethics and the Council on Social Work Education (CSWE) in order to guide their professional practice.

2. Graduates of the UCF BSW program will demonstrate the ability to apply the knowledge and skills of generalist social work research informed practice by engaging, assessing, intervening, and evaluating systems of all sizes (social work practice that includes working with individuals, families, groups, the community and society).

3. Graduates of the UCF BSW program will engage in diversity and difference in practice by applying and communicating understanding of the importance of diversity and difference in shaping life experiences in practice and apply self-awareness and self-regulation to manage the influence of personal bias and values in working with diverse clients.

4. Graduates of the UCF BSW Program will advance human rights and social, economic, and environmental justice by advocating for human rights at the individual and system levels and engage in practices that advance social, economic, and environmental justice.

Critical Thinking

1. Graduates will demonstrate knowledge, understanding, and application of the value base of the profession and its ethical standards and principles as outlined in the National Association of Social Workers (NASW) Code of Ethics and the Council on Social Work Education (CSWE) in order to guide their professional practice.
