

STUDENT LEARNING OUTCOMES

COLLEGE OF SCIENCES PHYSICS - B.S./B.A.

Discipline Specific Knowledge, Skills, Behavior and Values

1. Physics BS/BA program graduates will demonstrate mastery of classical mechanics upon completion of the course.
2. Physics BS/BA program graduates will know how to perform original research and present results of their research.
3. Students in the Physics BS/BA program will have paths towards careers.

Critical Thinking

1. Physics BS/BA program graduates will demonstrate mastery of classical mechanics upon completion of the course.
2. Physics BS/BA program graduates will know how to perform original research and present results of their research.
3. Students in the Physics BS/BA program will have paths towards careers.

Communication

1. Physics BS/BA program graduates will know how to perform original research and present results of their research.

Assessment of Physics - B.S./B.A. Outcomes

These outcomes will be assessed using a variety of assessment methods, including:

- Projects
- Experiments and reports
- Research papers
- Oral and written presentations
- Exams/tests
- Journals
